Take ten minutes to describe and discuss your discipleship path way.

WHAT IS WORKING?

WHAT IS NOT WORKING?

WHAT IS MISSING?

*"What after all, is Apollos? And what is Paul?
Only servants, through whom you came to believe -
as the Lord has assigned to each his task.
I planted the seed, Apollos watered it, but God made it grow."
1 Corinthians 3:5-6*

What is the Missing Ingredient to Leadership Development?

Discipleship is
the missing
ingredient!

Jesus did not tell us to “go make leaders” but he did tell us to “go make disciples” (Matthew 28:19-20).

If your church does not have a strong spiritual formation plan it will have a weak leadership development plan.

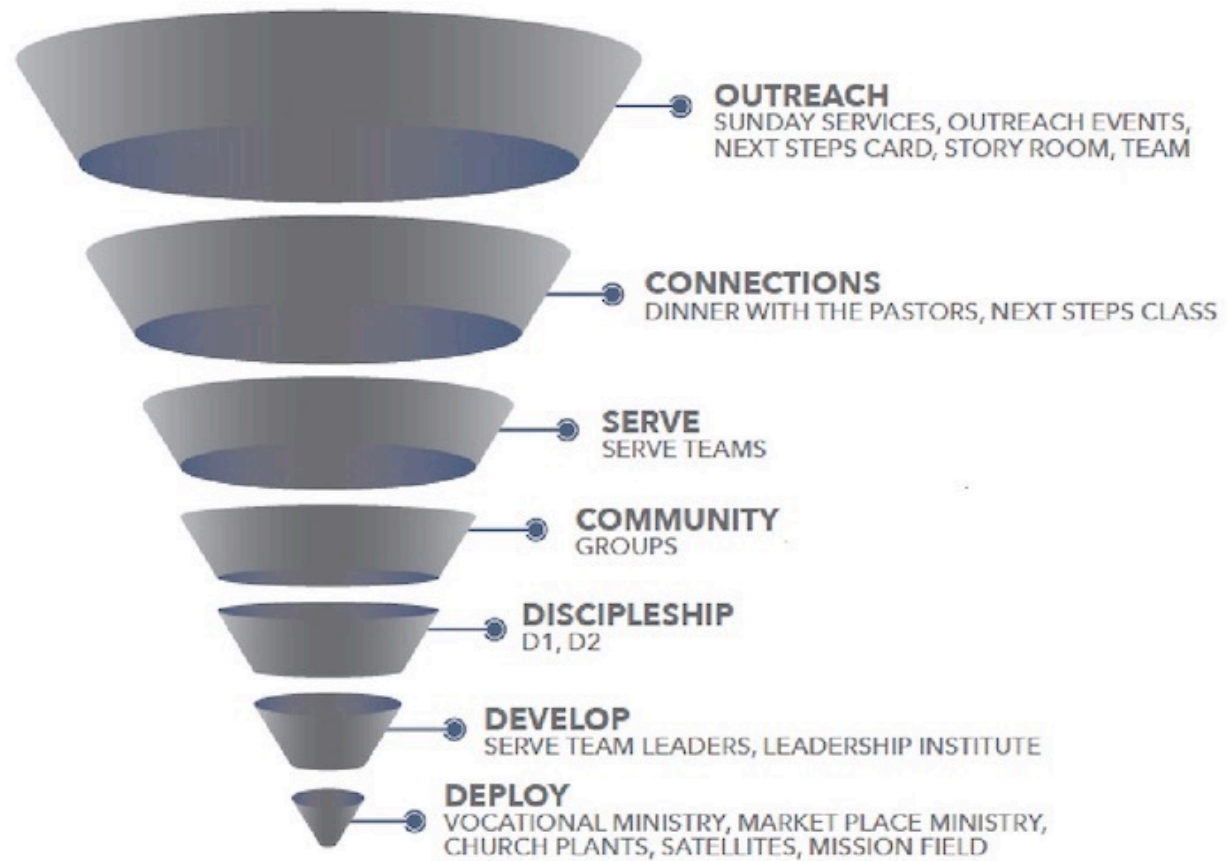

Not every disciple will be a leader but every leader must be a growing disciple reproducing the life of Christ in others

1) Have a reproducible discipleship process that helps you identify leaders out of the harvest.

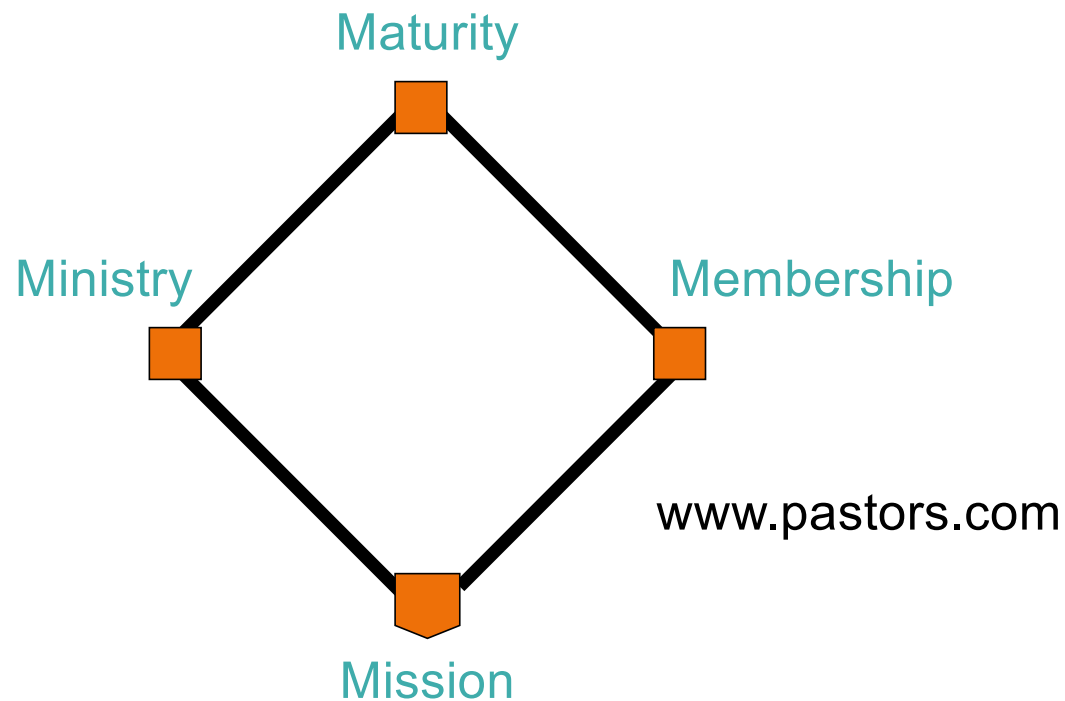

In your current pathway where are potential leaders identified?

One-on-One Approach

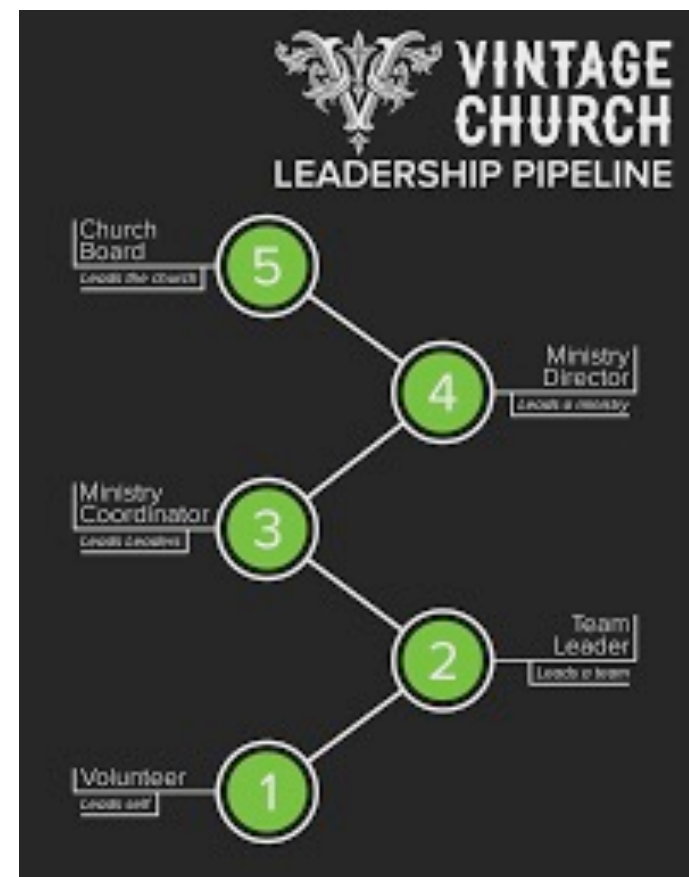

3) Get your best people investing their lives in others through discipleship.

One of the covenant statements we had with our staff and our elders is that they would invest in at least one person every year by taking them through our discipleship material with the goal of seeing those they invested in repeating the process with someone else.

Discipleship
Engine =
Leadership
Engine

Every church needs a leadership engine. Your discipleship process is the fuel to make the engine hum.

Solving the discipleship issues in your church will be the key to solving your leadership issues.
